BATTLE OF THE BALLOTS IS ON

DURING the few hours that the polls have been open at this writing, as heavy a vote as was expected has already been cast, with indications that there will be few absentees of those registered when the battle of the ballots is ended. Despite the closeness of some of the contests, particularly in the three cornered fights, little personal acrimony has thus far developed. The candidates, with their loyal workers, are engaged at the prescribed distance from each of the polling places, handing out tickets and making use of personal arguments, but good feeling seems to generally prevail.

To evidence the interest that is taken in the election, nearly a dozen places throughout the city have arranged to receive returns by wire and it is expected that by 2 o'clock tomorrow morning, when the telegraph office closes, the result will be known, at least as far as the general contest is concerned. Then will come the tumult and the shouting, the exultations and the heart bitterness, but all will afterwards breathe a sigh of relief.

FOR WORKINGMEN TO CONSIDER

THE conceded election of Sam Platt and Congressman Roberts is a matter for general congratulation. They will hold up the hands of President Hughes and support him in his wise and safeguarding measures through the crisis that will befall the nation at the termination of the war. They will stand for Americanism and for protection to American industries and to American labor in the troublous times that may have been wholly averted through their election. If the country should by any lamentable circumstance fail to elect a Republican president and a Republican congress the effect will be dire. Industries that now employ countless thousands in the manufacture of munitions and other war supplies would not be transformed into the making of the articles of peaceful merchandise, but would remain idle and employment could not be had in view of the fact that the present Underwood tariff law would permit the flooding of the country with the products of the pauperized labor of Europe. A Republican president and a Republican congress must and will be chosen.

A MAN WHO IS WORTHY

HARRY H. ATKINSON came to Tonopah in the early days. He is a staunch Republican, but, more than that, he is a man of lofty principle, of nice discrimination, of legal learning, of manfulness and discretion. As district attorney he would carry to that office the same ability and the same ambition and the same integrity that have marked his private practice, as well as his administration when so creditably holding the office of justice of the peace in this township before conditions were settled, and when it required, rare diplomacy as well as decision to properly conduct that office. It is freely predicted that Mr. Atkinson will lead the ticket. He is not a recent arrival in this city. He has property interests in Nye county and he has reared a family here. If you have not yet voted, don't fail to cast your ballot for Harry. He will be elected, anyway, but swell his majority.

WHERE NO MISTAKE CAN BE MADE

THERE are late voters of two kinds, the careless ones and the over-cautious. Some simply procrastinate and others wish to be absolutely certain of their choice before casting the ballot. To those of you who have not yet gone to the polls, the Bonanza would advise that you will make no mistake if you vote for Sam Platt. He will be needed in the United States senate to support the administration of President Hughes, as well as to serve the people of the State of Nevada individually. The same applies to E. E. Roberts, candidate for re-election to congress. Both of these men will serve the country well and be zealous in the cause of Nevada and its citizens.

VOTE FOR REPUBLICAN LEGISLATIVE TICKET

J. WESLEY STEWART has his battle won for the state senatorship, but, as the head of the Republican legislative ticket, it is desirable to make it as near unanimous as possible. Mr. Stewart is one of Tonopah's most worthy and progressive citizens. He is a town builder and is a keen student of economics. He will represent Nye county in a manner that will be profitable to the people and reflect credit upon himself. Now let him be accompanied by the complete Republican legislative ticket, men chosen for their ability as well as their personal popularity.

N. K. (Ben) Franklin will be one of the few familiar faces remaining in the courthouse after the first of next year. Ben has proven an efficient officer, with his books and cash always balancing to the cent. He is not only an able officer, the best possible for the treasurer's office, but is deservedly a popular fellow. Vote for Ben.

INSTRUCTIONS TO VOTERS

THE voting precincts in Tonopah have been changed and all registered and thus added extra steps as well as bothering the election officials. Voters should be certain where to go to cast their ballots tomorrow. Scan the following carefully and you will make no mistake.

Precinct 1 embraces that part of the city west of Corona avenue and north of Main street. The polling place is the McFrandlin building.

Precinct 2 is south of Main street and west of Brougher avenue. The voting place is at the Vienna bakery.

Precinct 3 is south of Main street and between Brougher and Bryan avenues. Vote at the old school building in front of the new high school building.

Precinct 4 is south of Main street and Erie-Main and lies between Bryan avenue and McCulloch avenue. The polling place is at the Crumley building on Erie-Main street, across from the Butler building.

Precinct 5 is east from McCulloch avenue and south from Erie-Main. The polling place is at the stone house, second door east of the old Mizpah building on Central street.

Precinct 6 runs east from the gore of Florence avenue and Erie-Main. The polling place is at the office of the justice of the peace.

Precinct 7 includes all that portion of the city north of Main street and Florence avenue, extending east from Corona avenue. The polling place is at the Richard building, opposite the Elk hall.

Keep this clipping for refreshing your own mind and informing other voters.

REMAINED TRUE TO CONVICTIONS

HON. P. A. MCCARRAN does not think kindly of the Pittman land bill. He is a Democrat from the soles of his shoes up and he is doing the best he can to support Senator Pittman, but even at the eleventh hour he could not conscientiously defend this bill, which he attacked in the primary campaign. It has been amusing to read his vain efforts to extol the creator and condemn the creature. Taken all in all, Judge McCarran has not proven of any considerable assistance to the junior senator's campaign.

MAKE JUDGE MORAN'S VICTORY SWEEPING

ALTHOUGH the election of Hon. T. F. (Barney) Moran is assured, let his majority be made as large as possible to testify to the wisdom and good judgment of the people in being desirous of electing to this position of trust and confidence—one requiring great knowledge of the law, clarity of judgment, experience upon the bench and sincerity of purpose—one who is so eminently qualified, one who allows no personal bias or animus of any sort to temper his decisions. Judge Moran should receive majorities in every county in the state.

Vote for Tom Lindsay and you will help elect a man who stands for progressive county government at the lowest cost to the taxpayers.

George L. Dugan was born in Nye county and this has always been his home. He expects to abide permanently. He had an excellent education in the public schools, to which was added the business training gained as a bank teller. He would prove an ideal auditor and recorder, and if you have not yet voted, cast one for George.

Sam Platt has a splendid labor record and he will continue to support the cause of the working man in the upper house of congress.

Several hours remain before the polls close. Get out the vote. There are probably several hundred people who will not exercise their right of franchise unless they are urged. Make a canvass of your acquaintances and take them to the polls and insist that they vote right.

Someone has estimated that the present election costs the people of the United States \$50,000,000. If terms of office were to be doubled in length, with the recall as a damper on mis- or mal-administration, the people of this country could build the best highways in the world with the amount saved.

Hon. E. E. Roberts has made an ideal congressman, working for the interests of all the people of Nevada, irrespective of their political affiliations. He deserves to be returned by a rousing majority.

If you haven't yet voted, don't fail to stamp your ballot opposite the name of T. F. Moran and help to place on the supreme bench a learned judge, one who is without bias or prejudice and whose experience in the district court eminently qualifies him for this position.

Nye county needs a business administration, one that will practice economy with other people's money and which will keep down the "overhead." Messrs. Lindsay and Campbell will serve you faithfully and well as county commissioners.

A vote for Horace Campbell is a vote for good, clean, economical county government.

Efficiency is badly needed in the office of sheriff and assessor. Letson Balliet has had training along that line and he has exemplified his capability. A vote for him is a vote for economical government.

R. A. McKay is an attorney and a stenographer, two qualifications which eminently fit him as clerk of the supreme court.

The high cost of living doesn't worry the fellow who doesn't call around on the tenth and pay his grocery and meat bills.

The personnel of the Republican ticket for Nye county and Tonopah township never was excelled.

All is now practically over except the shouting and the headache.

Judge Moran is not backed by any millionaire corporation man in his fight.

To the Voters of Nye County

The rumor has been in circulation for some time past that I have made pre-election promises to certain parties, promising deputyships to further my election. That assertion I most emphatically deny and I challenge any one to produce evidence to that effect.
